

Before you put up your **XPERT XPOLE** make sure you have measured your floor to ceiling height. We have given you both heights, the heights for the pole parts and also the lowest ceiling height needed. These are different because you need an additional 5mm to be able to put the pole up and down safely. Any questions please contact your local office.

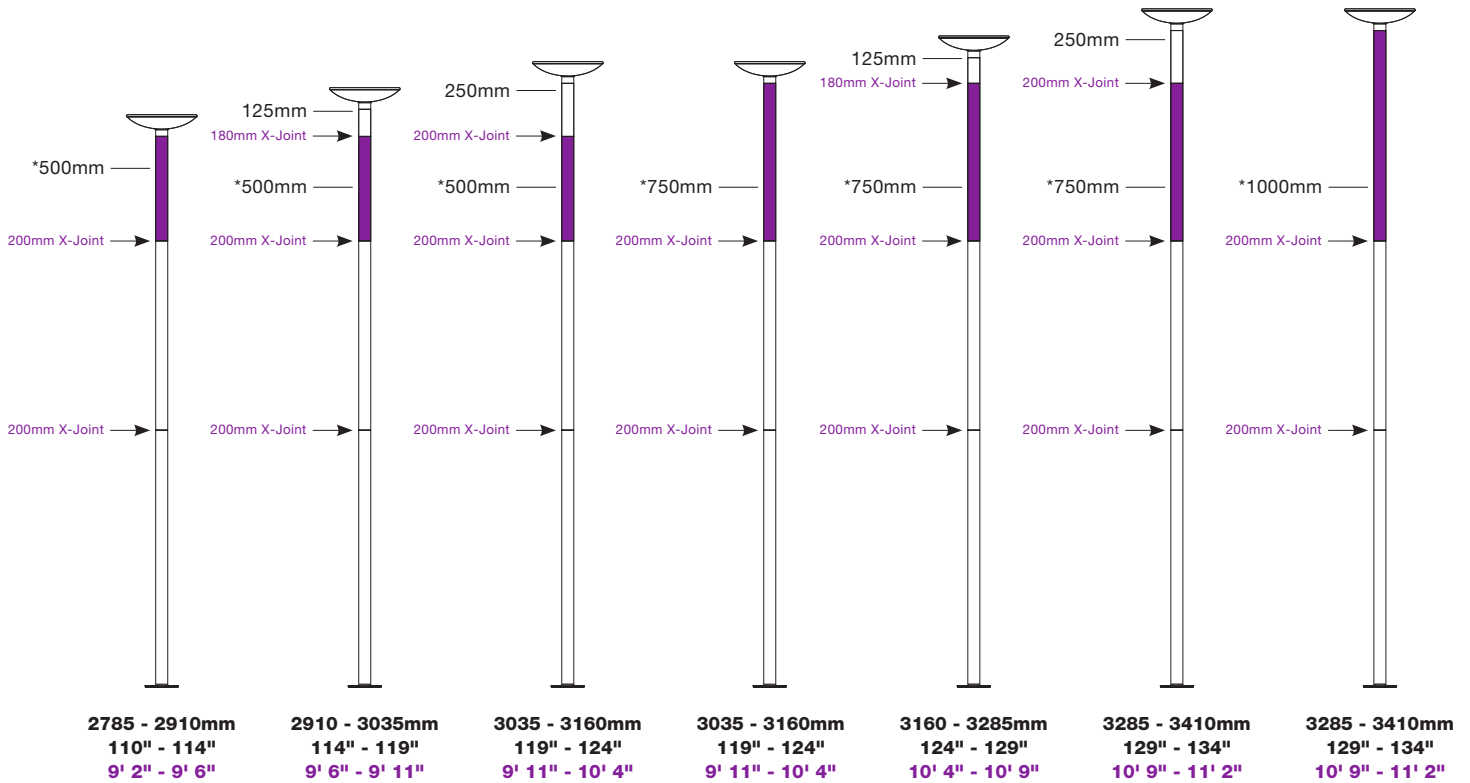

STANDARD SET HEIGHTS

Standard set heights 2285 - 2785mm (90" - 110")

Sizes achievable using the 125mm & 250mm extensions

HEIGHTS ACHIEVABLE WITH EXTENSIONS

Sizes achievable using the 125mm & 250mm extensions that are included with standard pole set

*With optional extension purchased separately
